Don Bosco Skill Mission

promoting skills

Who We Are

Don Bosco Tech, a network of skill training centres that attempts to bridge the widening divide between those who have access to opportunities and those who are increasingly being marginalized from the 'new economy' jobs. Don Bosco Tech addresses this endemic problem with a market-based approach that is sensitive to the socio-economic needs of marginalized youth in the 18-35 years age group. Don Bosco Tech is an example of social action of various stakeholders, which is aimed at mainstreaming and ensuring economic security for youth who could be victimized by poverty.

To enable them to gain a foothold in the competitive job market, Don Bosco Tech helps them acquire the required livelihood and soft skills in an environment of learning and mentoring that is responsive to the individual's emotional and developmental needs.

Don Bosco Tech was set up in 2006 with an objective to provide quality vocational training to the disadvantaged youth. Don Bosco Tech provides employment-linked, market-driven vocational courses of short duration to the economically and socially marginalized youth.

Don Bosco Skill Mission

Don Bosco Skill Mission a centre of excellence is the resource development centre of Don Bosco Tech Society, spread over 81,000 sq. ft. area, located at Bannerghatta Road, Bengaluru, having fully-equipped state-of-the-art labs, auditorium, training halls, meeting halls, conference rooms, offices, residential and dining facilities for guests and staff. This beautiful infrastructure is used for innovative training models to empower other like-minded organisations to execute various skill training programs.

Don Bosco Tech Society set-up this Research and Development Centre to cater to the increasing need for the Skilled workforce in India through various advance skill training programmes and training of trainers. Don Bosco Skill Mission is also a platform for organising workshops, conferences, recruitment and placement.

Aims and Objectives

Promote research, training, innovation and professional development on skill development sector.

Capacity development of trainers in the areas of technical / domain knowledge, facilitation skills, classroom delivery and management.

Facilitation and hand holding the trainees for placement and post placement support.

Organise and promote conferences, seminars, lectures, public debates and exhibitions in matters relating to skill development.

Cooperate and collaborate with other national or international institutions in furtherance of the objectives of the Don Bosco Tech.

Preparing candidates for finishing school i.e. work readiness and employability skills.

Conducting assessment and training for staff and management.

Developing standardized curricula, digital content and virtual classroom.

The background of the slide is a photograph of a cafeteria. It shows several long tables covered with blue and white checkered tablecloths. Yellow plastic chairs are arranged around the tables. Each table is set with white plates, red placemats, and folded white napkins. In the background, there are large windows with white frames. Overlaid on the right side of the image are two yellow circular shapes containing text and a logo.
