**Vocational Training Pack**

Formal Training

Non-Formal Training

Short Term Training

Skill Training for School Children

## Partners

Don Bosco Tech, a network skill training centers attempts to bridge the widening digital, financial and social divide between those who have access to opportunities and those who are increasingly being marginalized from the 'new economy' jobs. Don Bosco Tech addresses the issues of unemployment and lack of skilled manpower with a market-based approach that is sensitive to the socio-economic needs of marginalized youth in the 18-35 years age group. Don Bosco Tech provides employment-linked, market-driven vocational courses of short duration to the economically and socially marginalized youth.
